Wi' flaming cuts o' flowers in Nature's hue;

MARKET GARDENERS' PRICE LIST.

**ALL OF OUR SEEDS ARE TESTED AS TO GERMINATING
QUALITY.**

The prices herein quoted we will adhere to as far as possible. We reserve the right to change the price without notice as market values change.

As we do not raise all of the seeds we sell, we cannot warrant them. We buy only from good growers and take every precaution to get the best seeds obtainable, and should they prove not true to name we will replace them with other seeds or refund the money paid.

Purchasers by mail will add to these prices a sufficient amount to cover postage. On quantities of from one-half pound upwards, 8 cents per pound; 15 cents per quart for peas and beans, or 10 cents per quart for sweet corn. All seeds in quarter pounds or ounces prepaid.

Remit by Postoffice Money Order, Express Order or Bank Draft.
